What is an ATA Carnet?

An ATA Carnet (pronounced ***kar-nay***) is an internationally accepted customs document used for boomerang freight®. By presenting an ATA Carnet to foreign customs, your *temporarily exported* merchandise or equipment passes duty and tax free into carnet countries for up to one year.

At the end of the year, all the items listed on the carnet return to the U.K., thus the term boomerang freight®. The ATA Carnet also serves as the U.K. registration of goods for re-entry into the U.K., duty and tax free.

Boomerang Freight® can be

- Aircraft, yachts, robots, UAVs
- Artifacts, antiques, collectibles, jewelry
- Demo equipment and sales samples
- Livestock, circus and race animals
- Musical instruments
- Photography, film and video equipment
- Presentation equipment
- Repair and testing tools
- Research equipment and prototypes
- Tools of the trade
- Trade show booths

The Partnership

The Liverpool Chamber of Commerce (LCC), an Appointed ATA Carnet Issuing Body by HMR Customs, has a Service Provider Agreement with boomerang carnets United Kingdom, a U.K. registered company, established in 2014. The LCC identified boomerang carnets UK as an ideal partner to bring expedited online access to the U.K. carnet market. Now carnets and their guarantees can be applied for, signed and stamped online from anywhere in the U.K. at a more affordable cost. Chamber membership is not a requirement for lowest rate benefits.

Your ATA Carnet Costs

The LCC* determines the Basic Processing Fees (cost) for ATA Carnets. Additional costs are typically incurred for the required guarantee or other services. Call or e-mail *boomerang carnets® U.K.* for a quote.
