- LCC issues ATA Carnets anywhere in the U.K.

Before Brexit

- Currently, no ATA Carnet is needed to avoid import duty and tax on temporary imports within the EU.
- Since 1992 the EU “single market” allowed the free movement of goods and services within the European Union, as if it was a single country.
 - The EU Customs Union is an element of the single market.
- Under these rules goods travel freely throughout the EU and are not subject to tariffs and customs barriers.

A Brexit Key Issue

- *Will the U.K. leave the EU Customs Union on March 29, 2019?*
 - *No one knows, an agreement is PENDING.*
 - *We actively monitor Brexit effects on temporary exports.*
 - *Recommend preparation regardless of 29/03/29 determination.*
 - *ATA Carnet ensures equipment can re-enter U.K. even if not needed to enter another EU country.*

Pre- & Post-Brexit

- In a U.K. outside the EU Customs Union:
 - Goods cannot freely pass from the U.K. into EU countries and back.
 - Use an ATA Carnet for easy temporary exports between the U.K. and E.U. countries.
 - Eliminates duties and taxes into 87 countries & territories
 - Valid for unlimited import/exports into multiple countries for up to 12 months
 - Serves as registration with HM Customs upon re-entry
 - Saves time and costs are known before departure

International Production Post-Brexit

- U.K. equipment for production in the EU will no longer pass freely.
 - ATA Carnets will usually be the easiest and cheapest way to get equipment into the EU.
 - Temporary import guarantee will be required.
- Benefits:
 - Internationally accepted customs document.
 - Saves time at border crossings.

Impact of Brexit on ATA Carnet Use

- **U.K. ATA Carnet Users**
 - All trips to the EU will need an ATA Carnet or alternate temporary import arrangement.
- **EU ATA Carnet Users**
 - All trips to the U.K. will need an ATA Carnet or alternate temporary import arrangement.
